

Why El Dorado Main Street?

Downtown is our community's heart and soul. Let us not forget what El Dorado Downtown was and can be. The historic downtown district is a reflection of how our community sees itself. A community with pride is evident by a vibrant and strong downtown. The Main Street program seeks to enhance the positive elements of our downtown in a variety of ways; through cooperation, hard work, creative ideas and support from all segments of the community. Economically, our Downtown is important as well. It provides a mix of commercial, government, financial, and professional services. As such, it represents a draw to shoppers, individuals, and families who need services and to visitors from around the world. By increasing the number of satisfied customers, we increase sales. This increases sales tax revenues and the resources our city and county has to continue making progressive and responsible decision for our future. The historic buildings, streets and utilities are in place. Main Street is working to preserve these assets and to encourage future growth. You can be a part of that future by investing in El Dorado Main Street. Your pledge will support El Dorado Main Street's continued growth, remember it's your downtown El Dorado!
